

Compounding rules and regulations:

All compounded remedies (homeopathic prescriptions) may be sold ONLY to the Accredited Practitioner. We cannot sell compounded remedies to the general public, as a practitioner client relationship is required.

We can compound your prescription as either:

1. crushed pellets
2. pellets in water

*Please note we will continue to sell whole Boiron tubes (not compounded) directly to your clients. A prescription is required for potencies 1M or higher.

To open an account the accredited practitioner is required to email in a copy of their current certificate of registration to remedy@renewal.clinic. All remedies must be paid by the ordering practitioner prior to compounding. Prescriptions will be prepared only once these criteria have been met.

Please include the following with your prescription request:

1. Your name, phone number and professional designation.
 2. The full name of the remedy, potency, whether you prefer crushed pellets or in water.
- 2-4 pellets is considered 'a dose'
 - maximum 12 pellets per 'crushed dose' price
 - 30ml bottles are used to fill liquid prescriptions

Prescriptions will be filled within 24-48 hours upon receipt of payment, Monday through Friday. We will inform you when your prescription is ready for pick up.

If you have any questions please contact the front desk at 403-202-8507 or email remedy@renewal.clinic

We are committed to providing professional service, and adhering to Health Canada's regulations is part of that professionalism.

Thank you for choosing us for your homeopathic prescription needs. We value your patronage and look forward to continuing to meet your compounding needs.
